

Converting Quartz to LED

BEFORE

1500W QUARTZ FLOOD FIXTURE

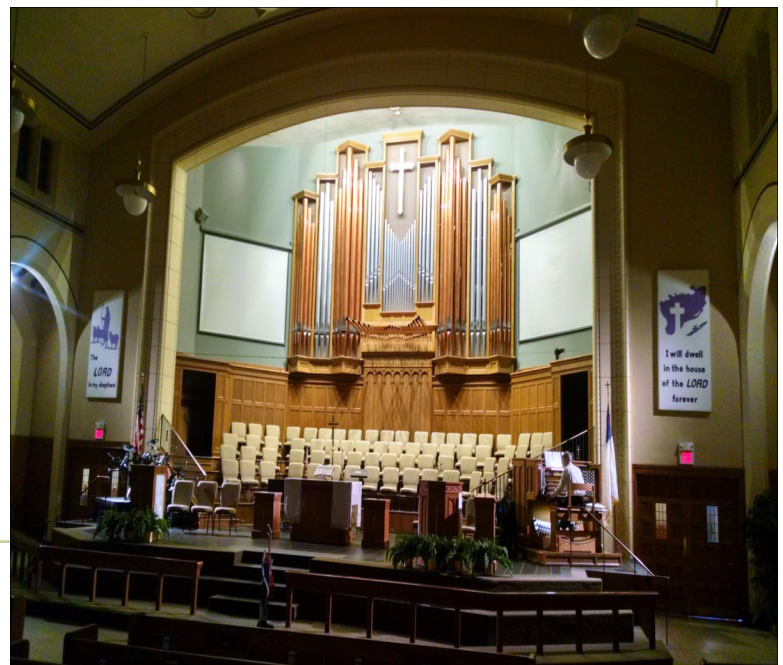

Local church had 6 1500 watt Quartz flood fixtures to illuminate their sanctuary. Energy consumption was 9,000 watts.

150W LED FLOOD FIXTURE

Bulbs Plus, replaced the old quartz flood fixtures with 4 LED 150 watt flood fixtures. This reduced their energy consumption down from 9,000 watts to 600 watts.
