

SANCTUARY RETROFIT

OLD 500 WATT HALOGENS

Mountain Springs Church had over 97 500 watt halogens in cans hanging from the ceiling. They were operating over 48,000 watts during their services. The photo to the left shows the before pictures, notice the spots that form from the halogens.

LED BR40 FLOOD

The picture to the right shows the effects of switching to the LED BR40 floods. The floods create a smooth and even pattern on the floor. There aren't any dark spots.
